

## Can't Sleep (Wolves)

## Walk the Moon

Hold on to the ones you love but don't squeeze too tight  
Even a good thing can steal away like a thief in the night

Wake up tough  
On time  
Stand up straight  
Talk right  
Don't let up  
Be funny  
Be cool  
Keep running  
I can't keep up  
With all these boys  
Fast on their feet  
Gnashing teeth  
They hit you up  
And I can't sleep  
Wolves are coming for me

If you're keeping secrets  
Secrets from me  
(I don't need to know baby)  
Honey  
Keeping secrets don't matter to me  
But these wolves  
They keep on scratching at my heart  
And I still can't sleep

Hold on to the ties that bind but don't get shackled to the rush  
You better leave yourself behind before they find you in the open  
Yeah

Wake up tough  
On time  
Stand up straight  
Talk right  
Don't let up  
Be funny  
Be cool  
Make that money  
You can't keep up  
With all these girls  
On to their teeth  
Talking sweet  
They don't let up

And I can't sleep  
Wolves are coming for me

If you're keeping secrets  
Secrets from me  
(I don't need to know baby)  
Honey  
Keeping secrets don't matter to me  
But these wolves  
They keep on scratching at my heart  
And I still can't sleep

Wake up tough  
On time  
Stand up straight  
Talk right  
Don't let up  
Be funny  
Be cool  
Keep running  
You can't keep up  
With all these boys  
All these girls  
Gnashing teeth  
They don't let up  
And I can't sleep  
Wolves are coming for me

If you're keeping secrets  
Secrets from me  
(I don't need to know baby)  
Honey  
Keeping secrets don't matter to me  
But these wolves  
They keep on scratching at my heart  
And I still can't

Keeping secrets  
Secrets from me  
(I don't need to know baby)  
Honey  
Keeping secrets don't matter to me  
But these wolves  
They keep on scratching at my heart  
And I still can't sleep
