

# Drinking Songs

Walker Hayes

Hey  
Smoke rings in a dark room  
Broke heart on a bar stool  
Ash tray full of burnt out ciga-regrets  
Sad sound on a jukebox  
Strong stuff on a few rocks  
Head full of all the things that I should'a said (Uh)

So give me that bourbon and Bocephus  
I can't help me so help me Jesus (Jesus)  
She ain't coming back like you  
She gone (Back like you)  
Said what I need is them Williams boys right now  
Hank ain't never gon' let me down (Gon' let me down)  
Bring them family traditions on (Bring 'em on, bring 'em on, bring 'em on)  
Yeah, I'm just keep sittin' here sippin' and singin' along  
Thank God for drinkin' and drinkin' songs

New girl and a slow dance (Slow dance)  
She don't know there ain't no chance (No chance)  
I'ma 'member her name when that rooster sings (Ooh, ooh-ooh)  
My mama put me on a prayer list  
Brother says, "Only time will fix it"  
I know they're right, but y'all patience ain't my thing  
(No, it ain't, woo)

So give me that bourbon and Bocephus  
I can't help me so help me Jesus (Jesus)  
She ain't coming back like you  
She gone (Back like you)

Said what I need is them Williams boys right now  
Hank ain't never gon' let me down (Gon' let me down)  
Bring them family traditions on (Bring 'em on, bring 'em on, bring 'em on)  
Yeah, I'ma just keep sittin' here sippin' and singin' along  
Thank God for drinkin' and drinkin' songs

But I know this bottle don't love me (Love me)  
And I ain't never met Hank  
But I know old Juney wouldn't judge me  
Singin', "Why do you drink?" (So why do you drink?)  
All this whiskey here ain't helping my case  
So, give me the heaven with hell  
It's the only thing that can't push away like I do everybody else

So give me that bourbon and Bocephus  
I can't help me so help me Jesus (Jesus)  
She ain't coming back like you  
She gone (Back like you)  
So what I need is them Williams boys right now  
Hank ain't never gon' let me down (Gon' let me down)  
Bring them family traditions on (Bring 'em on, bring 'em on, bring 'em on)  
Yeah, I'ma just keep sittin' here sippin' and singin' along  
Thank God for drinkin' and drinkin' songs
