

Make You Cry

Walker Hayes

Sixteen six strings I could barely play it
Loved you but I didn't know just how to say it
Tailgate serenade I was nervous
Sweating Keith Whitley but hey, I guess it worked, 'cause

Didn't even have to wonder what you thought
You said it best when you said nothing at all
Felt like a rockstar watching those happy tears fall (ay)

I love to make you cry, I
Know I hit that right emotion
When your eyes fill up with oceans
Girl, I love to make you cry, I
Know I'm really onto something
When that mascara's running
Girl, I love to make you cry

Twenty-three buying twenty-four carrots
Got that ring before I even asked your parents
Bet I look crazy driving around gulf shores
Talking to a little black box on the dashboard

I admit it for a minute I was stressed
Gave me a hug but you forgot to say yes
But it was written on your cheeks
Girl, I didn't have to guess, that's the best

I love to make you cry, I
Know I hit that right emotion (hit that right emotion)
When your eyes fill up with oceans (eyes fill up with oceans)
Girl, I love to make you cry, I
Know I'm really onto something (really onto something)
When that mascara's running (when that mascara's running)
Girl, I love to make you cry

Girl, I love to make you cry
I ain't even gonna lie (lie)

Girl, I love to make you cry
Yeah, sometimes I want to run out of the room
'Cause when you do it
I can't help but do it too
Set the waterworks free, no shame on me
Let them know

I love to make you cry, I
Know I hit that right emotion (hit that right emotion)
When your eyes fill up with oceans (eyes fill up with oceans)
Girl, I love to make you cry, I
Know I'm really onto something (really onto something)
When that mascara's running (when that mascara's running)
Girl, I love to make you cry

I love to make you cry
(Yeah, I love to make you cry)
(I ain't even wanna lie)
(I ain't even wanna lie)

(I love it when you)
(Girl, I love to make you cry, I)
Girl, I love to make you cry
(Yeah, I love to make you cry)
I ain't even wanna lie
(I ain't even wanna lie)
Ooh
(I love it when you)
I love to make you cry
