

# Same Drunk

Walker Hayes

Well, sister's hooked on another jackass  
Momma's hooked on looking young  
Daddy's hooked on cutting the grass  
Brother's hooked on smoking some

Ain't about to start judging  
I put down alcohol  
Picked up some new crutches  
Said maybe we all just the

Same drunk, different beer  
Tryna cope with all the crazy down here  
It's crazy down here  
Sipping in our own smoke and mirror paradises  
Vice grip on all our vices  
Thank God, Jesus drank  
With thirsty folks like me and Hank  
With our family traditions and our family addictions  
South of Heaven in this bar called life  
Y'all cheers  
Same drunk, yeah, we all  
Same drunk, different beer

Caffeine, wintergreen  
Getting by, getting high  
We all the

Same drunk, different beer  
Tryna cope with all the crazy down here  
(It's crazy down here)  
Sipping in our own smoke and mirror paradises  
Vice grip on all our vices  
Thank God, Jesus drank  
With thirsty folks like me and Hank  
With our family traditions and our family addictions  
South of Heaven in this bar called life  
Y'all cheers  
Same drunk, yeah, we all  
Same drunk, different beer

Ain't gotta ask, "Why do you drink?"  
Ain't gotta ask, "Why you get stoned?"  
All night long  
It all makes perfect sense to me  
'Cause life don't  
Nah, nah it don't  
We all the
