

# Wednesday

Walker Hayes

Some days are the best days  
Some days are 'she said yes' days  
Some days are 'it's a girl  
Good Lord, how in the world did I get this blessed' days?

Some days are the worst days  
'On the tail lights of a hearse' days  
And I can't figure out it, and I don't wanna talk about it  
Guess that's why we go to church days

Most days are just Wednesdays  
'Get up and do the same ole same agains' days  
Coffee kisses out the door  
Tell the kids I love 'em more  
Go out, try to get the rent paid  
Come on back home tired and hungry to your lovin'  
Can't fall asleep until our feet are touchin'  
And if tomorrow ain't nothin' new  
I'm just glad I get to do  
Just another Wednesday with you

Just another burger in a sack  
Fries with that  
Just another need to call Mom back  
Just another picture on the fridge  
Goodnight moon to sleepy eyelids  
Feed the dogs, take out the trash  
Nothin' wrong with that

Most days are just Wednesdays  
'Get up and do the same ole same agains' days  
Coffee kisses out the door  
Tell the kids I love 'em more  
Go out, try to get the rent paid  
Come on back home tired and hungry to your lovin'  
Can't fall asleep until our feet are touchin'  
And if tomorrow ain't nothin' new  
I'm just glad I get to do  
Just another Wednesday with you

Just another Wednesday with you  
Just another Wednesday with you

Chasin' dreams is just what I do for a livin'  
But what I live for is the time with you I'm given  
And if tomorrow ain't nothin' new  
I'm just glad I get to do  
Just another Wednesday with you
