I did nothing wrong

Take me downtown, I don't know where to go
I can't find my phone, so I'll play the radio
My life's a mess but I don't give a shit
Never try my best I learn to live with it
I'm doing fine, stop asking me what's wrong
I live my life like I'm the only one
Going off the rails

I borrowed your car and
Barely made it back
The gas tank was empty
It always had that scratch
I'm doing my best here
But that's not good enough
I'll try harder next year
Don't call my bluff

Take me downtown I don't know where to go
I can't find my phone so I'll play the radio
My life's a mess But I don't give a shit
Never try my best I learn to live with it
I'm doing fine, stop asking me what's wrong
I live my life like I'm the only one
