

Rich Wallice

Wallice

I just want more money, wanna buy more stuff
I got a whole lot of prospects, it's never enough
I got two digits in my bank account, order until it runs out
Check back in my bank account
Oh, shit, it's zero now

I just want more money
I just want more stuff
I just want more money
I just want more

I can't wait to meet rich Wallice
She's off the rails, but she's damn near flawless
She's real mean, borderline alcoholic
She got too cool and she failed out of college
She's seen a lot, but never gets too nostalgic
Everything's free, she never brings her wallet
Pays off the cops, yeah, she's real lawless
I can't wait to meet rich Wallice

I just want more money, wanna buy more stuff
I got a whole lot of prospects, it's never enough
I got two digits in my bank account, order until it runs out
Check back in my bank account
Oh, shit, it's zero now

I just want more money
I just want more stuff
I just want more money
I just want more
