

## Only Friend

Wallows

Weathered and fading  
Who feels alone in the world?  
You do  
Too complicated  
It's not the same anymore  
You're through

You're signing off again  
But you're my only friend  
I don't know what to say  
I feel the ending close

Pick up the pieces  
Finding a place in a world  
To be  
Too many reasons  
To keep an ear at the door  
For me

Will you come back again?  
I only need a friend  
When it's all said and done  
Will you need me too, girl?  
Girl  
Girl  
Girl  
Oh, girl
