

## Pleaser

Wallows

You're talking while you're fast asleep  
As I walk slowly from your house  
Back in your room remain the words  
I wanna say to you, but couldn't leave my mouth

Does it come as a surprise?  
Language of averted eyes  
Silence is what I do best  
Still I hear it all  
Wasting time around my head  
So I talk to myself instead

Sitting out the weekend  
Couldn't do it again  
Say you want it right now  
But I wouldn't know how  
It's something that I can't do  
Then what am I supposed to?  
Quite the people pleaser  
If only I could please her

Indecisive feelings of enjoyment  
Hold that thought I think I need a moment  
I'm aware that's something I should tell you  
But my voice annoys me  
Bite my tongue off with a smile  
I can't feel it anymore  
'Cause recently the line is blurred  
Between depression and bliss

Now I see that the times don't change  
They waste away  
But I just want to sleep today  
And I don't want to talk to you right now  
You say, but

I'm sitting out the weekend  
Couldn't do it again  
Say you want it right now  
But I wouldn't know how  
It's something that I can't do  
Then what am I supposed to?  
Quite the people pleaser  
If only I could please her

I'm talking while you're next to me  
Did I ruin the moment?  
If I could tell you how I feel  
Would you know what the words meant?  
For sake of conversation  
Could you read the writings on my sleeve?  
'Cause that's the best you're gonna get  
So maybe I had better leave
