

Celebrity

Wallpaper.

Everybody is a nobody trying to be somebody
Everybody is a nobody trying to be somebody
I'm not just anybody

Baby baby it's the things you do
You gotta let me be the one to take you home tonight
Special lady I been wanting you
Because I seen you on TV and in some movies

Everybody is a nobody trying to be somebody
Everybody is a nobody trying to be somebody
I'm not just anybody
I slept with a celebrity

Getting money like a blue tooth fairy
I play Pictionary with modern art
I play musical chairs with the drivers' seats of sports cars
You could ride shotgun if you want some

Everybody is a nobody trying to be somebody
Everybody is a nobody trying to be somebody
I'm not just anybody
I slept with a celebrity

It's like winning the lottery
