

I Wannit

Walter Egan

Alright!

Ooh... You live your life too fast
Your good times come but your good times pass
What goes up it just must come down
And it's so hard when you hit the ground

Hey!

I'm too eager, too hungry to quit
And my reply is to go for it
You think that I'm crazy, you say that I'm wild
I'm telling you now that it's just my style
Ooh, it's just my style

'Cause I wannit
And I wannit
It's nothing I need
It's just that I feel like I wannit
I wannit
You give me a warning but I just don't heed
And I wannit
Yeah I wannit
So bad, do you believe the good times we had?

Whoo!

Cut out!
When everybody tries to put me down
I tell 'em I want it all and I want it now
I'll stay out all night if I feel that way

And worry about it after the day
Yeah that's when I'll pay

'Cause I wannit
And I wannit
Yeah, It's nothing I need
It's just that I feel like I wannit
I wannit
You give me a warning but I just don't heed
And I wannit
Yeah I wannit
So bad, do you believe the good times we had?
Do you believe
All the good times we had?
Do you believe
All the good times we had?
Do you believe
All the good times we had?
Do you believe
All the good times we had?
Do you believe
All the good times we had?
Hey, I wannit so bad
All the good times we had
I wannit so bad
All the good times we had
I wannit so bad
All the good times we had, do you believe?
I wannit so bad

So Bad
