

## Such a Shame

Walter Egan

Tonight as I think about all we've been through  
I can't help but wonder what I've been to you  
And what has become of the feeling we shared?  
I felt that tonight it was not even there

It's a shame  
When a love goes away  
Such a shame  
When you don't make it stay  
A shame, what a pity, you know that it's true  
Such a shame  
A shame, now I've wasted the love I gave you  
Such a shame all the pain and the heartache we knew  
Today I was lost and I couldn't get far  
To forget my blues I got into my car  
I followed the highway 'til I found your place  
I found myself hoping to just see your face

It's a shame  
Don't forget what we had  
Such a shame  
To be feeling so sad  
A shame, what a pity, you know that it's true  
Such a shame  
A shame, now I've wasted the love I gave you  
Such a shame all the pain and the heartache we knew  
All we knew

And it feels like it's all gone away  
Such a shame

Ain't nothing that's good left to say  
Such a shame  
I guess love got lost in the game  
We played

Tomorrow the sun will come up in the sky  
I look in the mirror and try not to cry  
I once had a woman who made me alive  
She filled me with love and she filled me with pride  
It's a shame  
When you know what you've had  
Such a shame  
To be feeling so sad  
A shame, what a pity, you know that it's true  
Such a shame  
A shame, now I've wasted the love I gave you  
Such a shame all the pain and the heartache we knew  
Such a shame all the pain and the heartache we knew  
Such a shame all the pain and the heartache we knew  
Such a shame all the pain and the heartache we knew  
Such a shame all the pain and the heartache we knew  
Such a shame all the pain and the heartache we knew  
Such a shame all the pain and the heartache we knew  
Such a shame all the pain and the heartache we knew  
Such a shame all the pain and the heartache we knew
