

## Time the Master

Walter Egan

Running in circles day after day  
Spinning my life away  
Looking for reasons looking for truth  
Searching for what to say

Days go long but all too soon they're gone  
Time, the Master, on and on and on

Running in circles night after night  
Dreamin' my dreams away  
Running in circles day after day  
Running my days away  
Days go long but all too soon they're gone  
Time, the Master, on and on and on

In dreams I can fly away  
To places I wish I could stay  
Can my dreams become real someday  
Someday

Days go long but all too soon they're gone  
Time, the Master, on and on and on

Days go long but all too soon they're gone  
Time, the Master, on and on and on  
Time, the Master, on and on and on  
Time the master on and on and on and on and on
