Waitin' for the Rain

Walter Egan

Never thought I'd feel this way
(Waitin' for the rain, waitin' for the rain)
Never thought I'd see the day
(Waitin' for the rain, waitin' for the rain)

When the rain and the sky would fall
(Waitin' for the rain, waitin' for the rain)
And no one would escape at all
(Waitin' for the rain)

Feel the raindrops fallin' down
Washing out this dirty town
Feel the tears coming from the sky

Nothing can remain untouched
From the lightning thunder rush
Hear the voice of a child that cries

Never thought I'd feel this way
(Waitin' for the rain, waitin' for the rain)

Never thought I'd see the day
(Waitin' for the rain, waitin' for the rain)

When the rain and the sky would fall
(Waitin' for the rain, waitin' for the rain)
And no one would escape at all
(Waitin' for the rain)

Never thought I'd feel this way
(Waitin' for the rain, waitin' for the rain)
Never thought I'd see the day
(Waitin' for the rain, waitin' for the rain)

When the rain and the sky would fall
(Waitin' for the rain, waitin' for the rain)
And no one would escape at all
(Waitin' for the rain)
