

Big Baby

Wanda Jackson

You're just a big baby
You're drivin' me crazy
You gotta have it your way
You're just a big baby
Get grown
But get flat goin'
You're just a big baby

You gotta stop misbehavin'
My heart's not your playpen
Little man, don't you
Understand
You gotta straighten up before mama counts ten

Big baby
You're drivin' me crazy
Get grown
Or get flat goin'
You're just a
Big baby

You think
You're a big star
But you're never gonna go far
You get A's in playin' games
But you fail when it comes to lovin' me

You're just a
Big baby
You're drivin' me crazy
Get grown
Or get flat goin'
You're just a
Big baby

Settle down, settle down, settle down, settle down
Time out
Don't mess around, mess around, mess around
I'll give you somethin' to cry about

Big baby
You're drivin' me crazy
You gotta have it your way
You're just a big baby
Get grown
Or get flat goin'
You're just a
Big baby
Woo
