

## Day Dreaming

Wanda Jackson

You're the sweetest daydream that I've ever known  
I keep you on my mind the whole day thought  
If I can't hold you in my arms I'll hold you in my heart  
Until that lovely daydream can come true

Day dreamin' with you on my mind thinking 'bout you waitin' for  
the time  
When my arms can hold you and I'll make you mine just day dream  
in' all the time

I gazed into my daydream a picture came to me  
No scene with color splendor could compare  
But I would nestle in your arms a baby on the floor  
Sweet music from heaven fill the air

Day dreamin' with you on my mind...
