

Half That's Mine

Wanda Jackson

You keep me broken hearted
You with her half of the time
You can't choose between us
You can't make up your mind

You live in two worlds
One is hers and one is mine
If I can't have you completely
She can have the half that's mine

I wonder if she knew
That you are not free
Would she be willing
To share half of you with me

You say that you love me
And that you will let her go
That our home and children
Are what you need so

But until you convinced me
You'll be mine all of the time
I won't live with only half of you
She can have the half that's mine
I won't live with only half of you
She can have the half that's mine
