

He's The Man

Wanda Jackson

(He's the man who can set you free)

There's a man you need to know that can cleanse your scarred soul

He's the man who walked on the sea

He's the man filled with love that was sent from God above

He's the man who can set you free

He's my Jesus, he's your Jesus

He's the man that died for you and me

He's my Jesus, he's your Jesus

He's the man that holds eternity

He's the man who can set you free

He's the answer you need today

He will show you the way

He's the man with everything to give

He's the man to pray to

He will show you what to do

He's the only perfect man that ever lived

He's my Jesus, he's your Jesus

He's the man that died for you and me

He's my Jesus, he's your Jesus

He's the man that holds eternity

He's the man that holds eternity
