

Let Go... Let Jesus

Wanda Jackson

Just let go, let Jesus in

I just wanna say, 'thank you, Jesus'
For saving a sinner such as me
I won't forget that day
When you said 'walk with me'
I let go and let Jesus set me free

Just let go and let Jesus
He wants so much to save you
He wants to make you new and free from sin
So just let go, let Jesus in

I wanna tell you, friend, about my Jesus
I wish you would trust him today
He's standing at your door knocking
Don't turn him away
Just let go and let Jesus have his way

Just let go and let Jesus
He wants so much to save you
He wants to make you new and free from sin
So just let go, let Jesus in
So just let go, let Jesus in
