

My Big Iron Skillet

Wanda Jackson

You are doing wrong again it's plain for all to see
And you think here at home is where I ought to be
There's gonna be some changes made when you get in tonight
Cause I'm gonna teach you wrong from right
With my big iron skillet in my hand
Gonna show you how a little woman quits a great big man
If you live through the fight we're gonna have when you get home
You'll wake up and find yourself alone

You say you're sick and tired of me and that I look a mess
But it's never done on you this is my only dress
I have never met a man who's quite the likes of you
I don't know why I ever said I do
With my big iron skillet...
With my big iron skillet...
