

## The Box It Came In

Wanda Jackson

My clothes are all ragged my goodwill coat's not the best  
And I'm a walking on cardboard in my last dollar dress  
I looked in the closet for my wedding gown  
But the box that it came in was all that I found  
He took everything with him that wasn't nailed down  
Bet he's got a new sweetheart to fill my wedding gown  
But somewhere I'll find him then I'll have peace of mind  
And the box he comes home in will be all satin lined

He took everything with him that wasn't nailed down  
Bet he's got a new sweetheart to fill my wedding gown  
But somewhere I'll find him then I'll have peace of mind  
And the box he comes home in will be all satin lined
