

# We Gotta Stop

Wanda Jackson

Jealousy  
Got the best of me  
Like a bullet  
To my heart

Couldn't see  
What we used to be  
Pieces  
Shattered all apart

Like birds in a cage  
We couldn't get free  
You weren't you  
And I wasn't me

We gotta stop  
And turn our love around  
We gotta stop  
Tearin' our love down  
Brick by brick  
Stone by stone  
Sleepin' in this bed alone  
Before it's gone, gone, gone  
We gotta stop

Broken trust  
Is changin' us  
Oh what have we become

Drove the wrong way  
And we're both to blame  
Just look at  
What we've done

We're stuck at a crossroads  
Detours ahead  
Forever together  
Or is this the end?

We gotta stop  
And turn our love around  
We gotta stop  
Tearin' our love down  
Brick by brick  
Stone by stone  
Sleepin' in this bed alone  
Before it's gone, gone, gone  
We gotta stop
