Whirlpool

Wanda Jackson

You've got me...
Look at me, my sweet darling

You've got me falling down and down
You've got me spinning round and round
Loving good and loving true
In a whirlpool
The water's deep and dark around
As I go falling down and down
I reach out and what I touch
Your loving hands I need so much

Whirl-whirl-whirlpool
Crazy crazy over you
In a whirlpool
I'm loving you

Well, heaven took me far away
Put me in your arms to stay
Heaven's made of me and you
In a whirlpool

It's like nothing in this world
It's like a whirl-whirlpool
Crazy crazy over you
In a whirlpool
I'm loving you

Whirl-whirl-whirlpool
Crazy crazy over you
In a whirlpool
I'm loving you...
