

Your Tender Love

Wanda Jackson

Your tender love just keeps growing
Your tender love you keep showing
Every day, darling, and every way
Yes, anyone can see your tender love for me

Tender love yet strong enough
To guide us through any stormy years
Your tender love is like a gentle wind
Your tender love has no end

All my love to you for all my life
I'll always try to prove my tender love for you
I'll always try to prove my tender love for you
