

One Big Love

Wanda

This is the world made for you and for me
This world will be better
If we love if we work together
There's happiness we can gain
If we feel, if we tough the rain
Ooooooh, everybody's free
Yeaaaah, everybody should be
One big love like a family
One free world, they, you and me

Oooooooooooooooooooooo x 4

One love, one big nation
Beating hearts in a good vibration
There's happiness we can gain
If we feel, if we tough the rain
Ooooooh, everybody's free
Yeaaaah, everybody should be
One big love like a family
One free world, they, you and me

Oooooooooooooooooooooo x 4

This is the world made for you and for me
This is the world we should be together
This is the free world
Ooooooh, everybody's free
Yeaaaah, everybody should be
One big love like a family
One free world, they, you and me

Oooooooooooooooooooooo x 4
