

# Get Loud!

Wanessa

Get it right  
We'll party until the morning light (Eh-oh)  
Tonight will be the ladies' night  
I'll show you how to spend your time (Eh-oh)  
Let's get lost into this club  
And blow the floor  
Let's spin bottles  
Break the rules and ask for more  
I can make you feel  
Like no one made you feel tonight

I wanna rock it up  
Rock it, don't stop  
Show The Light, Turn Music Up!  
DJ get, get it loud  
Get, get it loud  
Get, get it loud  
Get, get it loud  
It's all right  
We're gonna burn this house  
And fly so high (Eh-oh)  
And I will leave the world behind  
Just let the base get in your mind, mind, mind (Eh-oh)  
Let's get lost into this club  
And blow the floor  
Let's spin bottles  
Break the rules and ask for more  
I can make you feel  
Like no one made you feel tonight

I wanna rock it up  
Rock it, don't stop  
Show The Light, Turn Music Up!  
DJ get, get it loud  
Get, get it loud  
Get, get it loud  
Get, get it loud  
And I will need you  
To the top of the world tonight  
Wish you'd let it go  
But live it up  
1, 2, 3, 4  
Tell what you're waiting for

I wanna rock it up  
Rock it, don't stop  
Show The Light, Turn Music Up!  
DJ get, get it loud  
Get, get it loud  
Get, get it loud  
Get, get it loud
