

Rent Free

Wang Chung

You've been living rent free in my head
For far too long

I'm out of my mind again, so please leave a message
Get out of my mind my friend, I've learned my lesson
It's like watching Amityville, with no intermission

Now I'm your exorcist
Coz I've been possessed
But no more
So be gone

You've been living rent free in my head
For far too long
You've been living rent free in my head
It can't go on
I've been living off the words you said
If this is living then it feels like I'm dead
You've been living rent free in my head
For far too, too long

Talk to my hand again, coz my face ain't listening
Talk to my agent friend, coz I've sure as hell gone missing
I want my life back now, and my self expression

Now that I've shown my hand
I'll be superman
And I'll fly
So goodbye

You've been living rent free in my head
For far too long
You've been living rent free in my head
It can't go on
I've been living off the words you said
If this is living then it feels like I'm dead
You've been living rent free in my head
For far too, too long

I don't want ya
I don't need ya
I don't want ya, I don't want ya any anymore

I don't want you coz it's over now
It's over over yeah

You've been living rent free in my head
For far too long
You've been living rent free in my head
It can't go on
I've been living off the words you said
If this is living then it feels like I'm dead
You've been living rent free in my head
For far too, too long

You've been living rent free in my head
For far too long

You've been living rent free in my head
For far too long
