Nothing without you
So Beautiful Beautiful
너도 내게 없어서

Nothing Without You

I don't wanna miss a single breath
Because of you, I'm beautifully colored
Let's not forget the words, this is the beginning

Don't forget, don't let go of me

Beautiful Beautiful
I feel you, I feel you, I want you
Twilight Twilight
I hear a song for you from somewhere

Beautiful Beautiful
I feel you, I feel you, I want you
I'll always place you inside of me
So I'll never forget our memories
I'm feeling you

Nothing without you
(Nothing without you)
You're breathing in me
(You're breathing in me)

Nothing without you
So Beautiful Beautiful
I want you, I want to hold you

Nothing Without You
