

Good, Good Feelin'

War

Ain't no law against feeling good
Guess you better knock on wood
Ain't no harm in feeling fine
Pat your booty and I'll pat mine

If you think your baby's sweet
Let me hear you stomp your feet
All of you will understand
Let me hear you clap your hand

And that's your good, good, good, good, feeling
And that's your good, good, good, good, feeling

Knock on wood, pat your booty
Stomp your feet, clap your hands
Knock on wood, pat your booty
Stomp your feet, clap your hands

And that's your good, good, good, good, feeling
And that's your good, good, good, good, feeling
And that's your good, good, good, good, feeling
And that's your good, good, good, good, feeling

Feeling good, feeling good
Feeling good, feeling good
Feeling good, feeling good
Feeling good, feeling good

Rock and roll into the top
Oh, let me hear your fingers pop
Macho Man, you dance the best
Make like Tarzan and beat your chest

If your baby can't be beat
Now's the time to do the freak
Moving too smooth, all the way live
Turn around and give me five

And that's your good, good, good, good, feeling
And that's your good, good, good, good, feeling

Pop your fingers, beat your chest
Do the freak and give me five
Pop your fingers, beat your chest
Do the freak and give me five

And that's your good, good, good, good, feeling
And that's your good, good, good, good, feeling
And that's your good, good, good, good, feeling
And that's your good, good, good, good, feeling

Feeling good, feeling good
Feeling good, feeling good
Feeling good, feeling good
Feeling good, feeling good

And that's your good, good, good, good, feeling

And that's your good, good, good, good, feeling

Knock on wood, pat your booty
Stomp your feet, clap your hands
Pop your fingers, beat your chest
Do the freak and give me five

And that's your good, good, good, good, feeling
And that's your good, good, good, good, feeling

Knock on wood, pat your booty
Stomp your feet, clap your hands
Pop your fingers, beat your chest
Do the freak and give me five

And that's your good, good, good, good, feeling
And that's your good, good, good, good, feeling

Knock on wood, pat your booty
Stomp your feet, clap your hands
Pop your fingers, beat your chest
Do the freak and give me five
