Ain't That Easy

Ward Thomas

Feels like it's hard
Hard to be seen
Trying to stand out in the dark
'Cause right at the start, we were promised our dreams
Now we don't even know what they are

So we just give up, give up, give up
'Cause we never learn to lose
So we just give up, give up, give up

I wanna say we'll always be running and not lose our breath
And tell you we could follow our hearts and never lose our heads
I wanna tell you we can live with love for life
Never feel the hurt and never know the fight like I do
Oh, oh, believe me
But some things just ain't that easy

Everybody trips and everybody falls
But you gotta keep getting back up
Some people quit and that's why they lose
But you know that don't have to be us

So just give up, give up, give up
Always trying to chase perfection
Nothing's gonna be good enough

I wanna say we'll always be running and not lose our breath
And tell you we could follow our hearts and never lose our heads
I wanna tell you we can live with love for life
Never feel the hurt and never know the fight like I do
Oh, oh, believe me
But some things just ain't that easy

I'll take heartbreak over
Never loving again, no no
I know you're scared
I know

I wanna say we'll always be running and not lose our breath
And tell you we could follow our hearts and never lose our heads
I wanna tell you we can live with love for life
Never feel the hurt and never know the fight like I do
Oh, oh, believe me
But some things just ain't that easy

Oh, oh
