

## Almost Easy

Ward Thomas

Every whispered word you spoke  
Felt like a feather light brush stroke  
On the paintings my heart hoped  
Would come to life some day  
All the plans we dreamed about  
We'd imagine them out loud  
All in colour, oh but now  
I watch them fade away

Ooh if I was only losing you  
Goodbye wouldn't be so brutal  
It would be almost easy  
But we built castles in the clouds  
We planned a thousand futures out  
Now you're packing up and leaving  
With every dream that never came true  
Ooh wish I was only losing you

Your whole family, our friends  
Don't know what I'll do without them  
That perfect dress that I will never wear  
The nights that we will never share  
The laughter that you used to save for me

The girl I was with you, was my best self  
Now I'm watching her become someone else

With every dream that never came true  
Ooh wish I was only losing you
