Sweet Time

Ward Thomas

I want you to see my best side
I'm a little scared
I don't wanna hide but sometimes
Telling the truth is a dare

Ooh
Ooh

I don't wanna show what's broken
But I can't run away from you
We're a little slow to open
After what we've both been through

Don't need to rush, don't need to define
This could be love, oh, you and I

Are taking our sweet time
Sweet time
Sweet time

Are we at a crowded bar
Or are we sitting in the sky?
Sipping on champagne stars
And slowing down the speed of light

Don't need to rush, don't need to define
This could be love, oh, you and I

Are taking our sweet time
Sweet time
Sweet time

Feels like I could stay forever
But you walked me to my car
Feels like we could skip ahead
But I'm happy where we are

Ooh
Ooh
Ooh

Don't need to rush, don't need to define
This could be love, oh, you and I

Are taking our sweet time
Sweet time
Sweet time

Are taking our sweet time
Sweet time
Sweet time
