

Hungry Dogs

Warfare

Kill!
????????? all the charge
Hate!
More than any ??????
Feel!
The blood runs through your veins
Blood!
Coniferous bill of chains

We never heal
At anybody's feels
Destroying and thrash
When we feel all the heat
Screams, They are shouting
We will never call retreat
We are hungry dogs and we are starving from meat

War-Fare
War- Fare

They, They will never Understand
Why I span their command
Now, I am gonna.....
Soon we will never take defeat
You better believe it!

We never heal
At anybody's feels
Destroying and thrash
When we feel all the heat
Screams, They are shouting
We will never call retreat
We are hungry dogs and we are starving from meat

War-Fare
War- Fare

Go!

Allowed to ??????
In this or life is a mystery
To you
It's shredding, you are doomed
And that to be some fucking freak
So let it be!

We never heal
At anybody feels
Destroying and thrash
When we feel all the heat
Screams, They are shouting
We will never call retreat
We are hungry dogs and we are starving from meat

War-Fare
War- Fare

So now we want you realize
That I ???????
And when we are always gonna be the same
To you we all had dirty games
that's a thought!

We never heal
At anybody feels
Destroying and thrash
When we feel all the heat
Screams, They are shouting
We will never call retreat
We are hungry dogs and we are starving from meat

War-Fare
War- Fare

But that's a problem too
Fate, I'm fucking hanging through
Wild
I did it years ago
Thought that thing you will never know

We never heal
At anybody feels
Destroying and thrash
When we feel all the heat
Screams, They are shouting
We will never call retreat
We are hungry dogs and we are starving from meat

War-Fare
War- Fare

?????
But you have always been there anyhow
Victims !
?????
We never heal
At anybody feels
Destroying and thrash
When we feel all the heat
Screams, They are shouting
We will never call retreat
We are hungry dogs and we are starving from meat

War-Fare
