

## Rabid Metal

### Warfare

Dont you dare to label, 'cos its our rock'n'roll  
Thats the way we want it, destruction of our sole  
Wrecked out of our minds, yes I think we got it right  
There plans mean nothing, gonna crank it up tonight

Rabid metal rock'n'roll  
Rabid metal lose control  
Rabid metal heads will roll

Well you think you know the answers, tell me what you know  
Society irritating, we wont take it that slow  
Destination just for good times, alcohol and noise  
We're overdrive fanatics, regeneration boys

We dont give a toss what you say  
Just gonna do it our own way  
Fuck tommorow  
Lets live for today  
Give you hell
