

# Bang Ya Head

WARGASM

(Bang ya head until you break your neck...)

I sold my soul at a flea market so lets get started  
Givenchy trainers and a half price bag of vomit  
I didn't want it but everybody's on it  
Cause the 'sales team' says that it's good for us  
That's a brand promise  
Put me in your finest throw me to the dogs  
Can I get a minute?  
I can't catch a minute  
Pulling me apart this pressure from the top  
Can I get a minute?  
I can't catch a minute

My head is pounding from the swelling (swelling)  
Should really take a day off cause I'm burning  
But everybody's dying to make a living so you bang your head  
Until you break your neck  
Kicking and screaming  
Scratch till its bleeding  
You just keep banging your head until you're breaking your

Say muthafucka three times

Homeless Fred  
Homeless dead  
Break a muthafucka with a Bizkit head  
Fucks I don't give, I just live for the moment  
Track full of shit that I give my opponent  
Cryptic red  
Mystic bled  
Tattoos and mad blues keep a Bizkit fed  
Shit I'll mow down muthafucka's head  
I'll be bangin' muthafucka's till I'm breakin' their neck  
Yeah

My head is pounding from the swelling (swelling)  
Should really take a day off cause I'm burning  
But everybody's dying to make a living so you bang your head  
Until you break your neck  
Kicking and screaming  
Scratch till its bleeding  
You just keep banging your head until you're breaking your neck

There's a voice in my head and it's screaming  
It's all work and no play  
Yeah it was cracked when we found it  
It was broken anyway  
There's a voice in my head and it's screaming  
So what we gonna do Fred?  
Keep banging your head until you're breaking your neck  
Keep banging your head until you're breaking your neck  
Keep banging your head until you're breaking your neck  
You're gonna give all you got they're gonna take all the rest  
Keep banging your head until you're breaking your neck  
Keep banging your head until you're breaking your neck  
Keep banging your head until you're breaking your neck

So what we gonna do Fred?  
Keep banging your head until you're breaking your neck  
Keep banging your head until you're breaking your neck  
Keep banging your head until you're breaking your neck  
Until you're breaking your mother fucking neck

Four mothafuckas  
That's right baby

Do you know where you are?  
You're living in the jungle punk
