

Feral

WARGASM

Who else has "feral" in their name?
Oh, who's the... who's the actor, the funny guy?
Will Ferrell? Colin Farrell? And... Pharell Williams
Walk into a bar
Walk into a bar and there's a fight
My money is on sexy Colin Farrell
Bang

Bang
I'm outta my mind
Slip out of space, slip out of time
Slip out of
I got nothing better to do
Slip outta me, slip into you
Bang
I'm outta my mind
Slip out of space, slip out of time
Slip out of
I got nothing better to do
Slip outta me slip into you

Let's get lost in a crowded place
Get lost in ourselves for days
I can't keep myself awake
Come on, baby, don't hesitate
Won't you be my worst mistake?
I can't keep myself away

Slow down
We're moving too fast
Don't get caught up in the moment 'cause the moment never lasts
We got one night to win and one day to lose
Matching bad moods and matching taboos
Hey
We're moving too fast
Don't get caught up in the moment cause the moment never lasts
We got cheap fur coats
White lines
Black metal
Try to keep up
Try to keep up
We're going feral

I'm outta my mind
Slip out of space, slip out of time
Slip out of
I got nothing better to do
Slip outta me, slip into you

Bang
I'm outta my mind
Slip out of space, slip out of time
Slip out of
I got nothing better to do
Slip outta me, slip into you

Bang

I'm outta my mind
Slip out of space, slip out of time
Slip out of
I got nothing better to do
Slip outta me, slip into you

Let's get lost in a crowded place
Get lost in ourselves for days
I can't keep myself awake
Come on, baby, don't hesitate
Won't you be my worst mistake?
I can't keep myself awake
