

# Outrage

WARGASM

Outrage  
Fucking outrage  
Just give me something sharp and a name  
Okay, baby, okay  
You gotta calm down before you hurt yourself  
No, don't go on a  
Rampage  
Where's the cocaine?  
I wanna feel numb, but they won't let me have a gun  
No, there's  
Not enough freaks and not enough martyrs  
This is a call to the Prince of the House of Bastard

Blackout  
Honey, is your memory lacking?  
Put your hands up, this is a hijacking  
'Cause if we play the game, then you'll change the rules  
It's about time we saw your downfall  
Downfall

We're built to bend until we break  
Mmm, bite your own tongue or bite down on a bullet  
Bite your own tongue or bite

Decay, wretched decay  
All we ever do is wait, there's only so much I can take  
Okay, baby, okay  
Why don't you go and wash your hands  
When you were out you must have caught a little  
Bloodstain, fucking bloodstains  
There ain't no machine can get this shit clean  
So we're calling all freaks and calling all martyrs  
It's time to tear down the Princes of the House of Bastards

Violence is the answer  
But I didn't ask a question  
When we were growing up  
We didn't understand the lesson  
The more we feel age  
The more we feel rage  
The more we feel rage  
The more we feel pain  
So we keep ourselves safe  
Defend our own space  
Become the definition of homemade grenades  
The more we feel age  
The more we feel rage  
The more we feel rage  
The more we feel pain  
But anyway

We're built to bend until we break  
Mmm, bite your own tongue or bite down on a bullet  
Bite your own tongue or bite

There's not enough freaks and not enough martyrs  
There's not enough freaks and not enough martyrs

This is a call to the Prince of the House of Bastards  
There's not enough freaks and not enough martyrs  
This is a call to the Prince of the House of Bastards  
There's not enough freaks and not enough martyrs  
This is a call to the Prince of the House of Bastards

You either bite your own tongue or bite down on a bullet  
You either bite your own tongue or bite down on a bullet  
You either bite your own tongue or bite down on a bullet  
You either bite your own tongue or bite down on a bullet  
Bite down  
You either bite your own tongue or bite down on a bullet  
Bite down  
Bite your own tongue or bite down on a bullet  
Bite down  
Bite your own tongue or bite down on a bullet  
Bite down  
Bite your own tongue or bite down on a bullet
