

Spit.

WARGASM

Take
Hate
Love
Anti-social, anti-social, anti-social, anti-social
Over and over and I'm so bored
It's so disgusting!
Over and over and

I've spent my time coiled, corrupted
My nation rusted
I've had my fears and patience twisted
Into something grotesque and
It's gotta stop before I

It makes me wanna spit it out!

I only loved her 'cause she looked like you
I only loved her 'cause she looked like you
I only loved her 'cause she looked like you
'Cause she looked like you

It makes me wanna spit it out!

It's so disgusting!

Say something I shouldn't
Take something I shouldn't
Hate something I'm supposed to love
