

Spit.

WARGASM

Spit

I've spent my time coiled, corrupted
My nation rusted
I've had my fears and patience twisted
Into something grotesque and

It's gotta stop before I
Say something I shouldn't
Take something I shouldn't
Hate something I'm supposed to love
It's so sadistic, fuck
We're so anti-social
Synthetic vocal
Over and over and I'm so bored
We're all falling in and out of love

It's so disgusting
Makes me wanna spit
It's so disgusting
It makes me wanna spit it out

Think fast, I don't come from the past
Hit hard like a brick in a house made of glass
It's sick, the way that we act
The feelings we lack, the things we attack
I can't believe the way you talk to me
Now they've murdered all the trees
And it's getting hard to breathe
And it's crawling up my throat
I choke, choke, choke, choke

It's gotta stop before I
Say something I shouldn't
Take something I shouldn't
Hate something I'm supposed to love
It's so sadistic, fuck
We're so anti-social
So psycho-focal
Over and over and over and over

So disgusting
Makes me wanna spit
It's so disgusting
It makes me wanna spit it out
We're all falling in and out of love

I only loved her 'cause she looked like you
And it's the worst thing that I'll ever do
I only loved her 'cause she looked like you
And every ride since then is bittersweet
When he had you on your backseat
Did you love him 'cause he looked like me?
I only loved her 'cause she looked like you
(I only loved her 'cause she looked like you)
I only loved her 'cause she looked like you
(I only loved her 'cause she looked like you)

I only loved her 'cause she looked like you
(I only loved her 'cause she looked like you)
I only loved her 'cause she looked like you

It's so disgusting
Makes me wanna spit
It's so disgusting
It makes me wanna spit it out, spit it out, spit it out
