

# Super Fiend

WARGASM

How did you fuck up so much in one day?  
You woke me up early  
How did you make such a mess of it all?  
That's just what I do best

I'm an ugly motherfucker with a penchant for destruction  
Born and raised on the murder scene  
I'm a death's row daughter, got so caught up in the slaughter  
Just a cog in the killing machine

But I'm not angry anymore  
You're just a lost cause, no reward  
I'm not angry, I'm just bored  
I've died the same death over and over and over

Breathe  
S-s-s-suck it up  
Burn all your effigies  
I think we've heard enough  
I'm just so tired of your lovesick melody  
You're not that precious  
You're nothing new  
Just another enemy  
Gather 'round, gather 'round, don't fuck it up  
I don't wanna be your friend, I think I'll turn into a super fiend

Heads up, boys, we've got a real live dead one  
And the damn creature's learnt how to speak (Oh shit)  
Words keep falling out its mouth and they clamour to the ground  
I think the motherfucker's heart sprung a leak

But I'm not angry anymore  
I can lead you to water but I can't make you think  
I'm not angry, I'm just bored  
I could hold your head under and you still wouldn't drink

Breathe  
S-s-s-suck it up  
Burn all your effigies  
I think we've heard enough  
I'm just so tired of your lovesick melody  
You're not that precious  
You're nothing new  
Just another enemy  
Listen up, listen up, motherfuckers  
I don't wanna be your friend, I think I'll turn into a super fiend

I'm proud to play the villain 'cause the fit is always hotter  
And I look so good in black  
I'm bored and sick of it all, the way you crawl, the way you lose  
I live my life on the line so I expect nothing less from you  
So suck it up, suck it up, suck it up, suck it up  
Suck it up, suck it up, suck it up, suck it up (So suck it up)  
Suck it up, suck it up, suck it up, suck it up  
Suck it up, suck it up, suck it up, suck it up

I'm not angry anymore

I don't wanna be good, I wanna be a super fiend  
I'm not angry, I'm just bored  
Don't wanna be your friend, don't wanna be your  
I'm not angry anymore  
Got a new theme song and I'm feeling like a super fiend  
I'm not angry

Breathe

S-s-s-suck it up

Burn all your effigies

I think we've heard enough

I'm just so tired of your lovesick melody

You're not that precious

You're nothing new

Just another enemy

Gather 'round, gather 'round, don't fuck it up

I don't wanna be your friend, I think I'll turn into a super fiend

I don't wanna be your friend, I think I'll turn into a super fiend

I don't wanna be your friend, I think I'll turn into a super fiend
