

Bang Bang

Warhaus

Is this where it ends?
The farthest I can see
Is this as far as you want to
Show yourself to me?

Yeah I know that I'll be paying
Like a mouse between your teeth
But you don't have to keep laying
Your old victims at my feet

Bang bang
Bang bang
We've seen it all

I wondered how you would
Cope with my loss
How you stand naked tall and proud
At the bottom of my cross

If it comes down to this moment
Well no need to make it last
Just a simple snap of the finger
Or end it with a blast

Yeah
Bang bang
Bang bang
We've seen it all

Bang bang
Bang bang
We've seen it all

Bang bang
Bang bang
We've seen it all

Bang bang
Bang bang
We've seen it all

Bang bang
Oh, bang bang
We've seen it all

Oh, come on!
