

## Deion Sanders

Warhol.SS

Yea, uh huh  
P-C-F-O-E nigga  
Yea, its Key nigga

Pretty bitch, coke shape body  
She look better riding shotty  
God damn that pussy wet  
Ain't take her out, still got inside it  
Lil bro just woke up, ain't eat, no fuck  
He still threw back the roxy  
Jump out yo trees, I'm with lil Kenny  
Best believe that be my sidekick  
They like, "damn lil Keezy trippin-  
He don't think twice bout his decisions"  
I'm a young rich nigga, I fuck it up  
Get it right back after I spend it  
Lazy ambition, broke nigga tradition  
Keezy be popping his shit on a peon  
I heard he want me dead, TKey ain't scared  
My Glock 21 like Deion

I got a 10 in the driver seat, I pick up more, hit the ATM  
Pimp strong, I break a hoe like uncle E, go catch a simp  
Me and the game got married young  
Ion buy a ring I buy her tiff  
Bro been stretching the white for the longest  
Way he eyeing it might get lynched  
This shit falling out my pockets, Benji peeking  
He playing crazy, he ain't no real demon  
I had Satan come and see him  
Small timing, we don't see eye to eye  
Shit big like Colosseums  
She wanna stay, I'd rather leave  
I let her go, that's proper P'n

Gotta put on for my city  
They like "Keezy move like Jeezy"  
Can't no bitch I buss try and get the ups  
Soon as I nut I'm leaving  
Get fly, get pape this a ritual  
Yo bitch wanna eat dick, can't kiss her  
Slander my name behind my back  
I manifest inside yo living room

Aye  
Rollin, salute to MOB, the trap open  
Cooking work, I got the feins sick, the Dope Covid  
Underdogs & PCF, the Mafiaso on it  
We can not condone the fake rich, stop posing
