Dope killer, never needed one nigga

Doper dealer, hoe killer

Never needed one nigga

Dope killer

Uh, yeah

Uh, ayy

I'm a doper dealer, hoe killer

Never needed one nigga

Big pants, full of big paper-buy a soul with it

Young nigga, three much than most of old niggas

I don't even take dude serious, I troll niggas

I'm on a store run, the fit cost 'bout two strikers

I'm puttin' niggas in that flame, just pass me the lighter

He makin' kiddie money-damn near charged as a minor

Nigga old and bitter, hatin', call him Uncle Ice

You got a check for this lil' hunnid, I'm on the flight tonight

I'm totin' flame close by me, I ain't pickin' fights

This life serious-I'm strikin' when I roll the dice

Head crack him, I'm on dumb drank, big pint

I'm a doper dealer, hoe killer

Never needed one nigga

Big pants, full of big paper-buy a soul with it

Young nigga, three much than most of old niggas

I don't even take dude serious, I troll niggas

He had his gun and he ain't shoot-that nigga froze with it

Top three up in the city, and I'm not two-I'm Derrick Rose, nigga

That Draco knock a nigga off his feet and then his soul liftin'

That nigga sweet, he got his J but don't got pole with him

I'll drop a dub on his head and make his bros kill him

I was 16 with an XD shootin' at old niggas

Go take a look at my old pics-I'm throwin' 4's in 'em

Bitch, this my business, you gon' die if you put your nose in it

Beat up his ride-I know he died, too many holes in it

How that's a trap house and that bitch don't got no stove in it?

I love backend, that boy be shootin' like he Cole Bennett

I'm young and turnt, I'm 21, fuckin' old women

I'm a doper dealer, hoe killer

Never needed one nigga

Big pants, full of big paper-buy a soul with it

Young nigga, three much than most of old niggas

I don't even take dude serious, I troll niggas

I'm on a store run, the fit cost 'bout two strikers

I'm puttin' niggas in that flame, just pass me the lighter

He makin' kiddie money-damn near charged as a minor

Nigga old and bitter, hate-call him Uncle Ice
