Warhol.SS

Pull up on your block then I move, ayy
Do the dash, finna crash but I move, ayy
Super smash, sorta fast with the moves, ayy
She envy 'cause she see my moves, ayy
Feel like Eddie Frost, blast you, ayy
Two bitches, new tattoo, ayy
Eastside pimpin' when I blast you, ayy

New boy, but the run up from L.A. or the Bay
Bad bitch look like Lisa Ray worth a 100k
And I'm gone for days, paint her with the spray
[?] Picasso, Warhol what you say
On that canvas, paint her with the pistol
We know they don't understand this
Flexing on these niggas [?]

New guap, new money counter that's my bands bitch
Serve up all cups, [?] then I band up
Louis goggles, bumpin' Louis, no bitch I don't [?]
My percentage on it then yo' bitch she rock my fan club
Hold up, it's two am, send her back it's all love
And she swallow [?] pill poppin' devil still sippin' Xan in water
Still throwin' L's for the free, place your order
Copy paste the wave, I bet they read me like its Boarders

Pull up on your block then I move, ayy
Do the dash, finna crash but I move, ayy
Super smash, sorta fast with the moves, ayy
She envy 'cause she see my moves, ayy
Feel like Eddie Frost, blast you, ayy
Two bitches, new tattoo, ayy
Eastside pimpin' when I blast you, ayy
