Walk in the spot, walk out the spot

And these shells hot, give 'em shellshock
I'm on flex mode, in those tight clothes
And my tight hoes, keep yo mouth closed
Derek Jeter stackin' these bitches just like some stacks
Bitches fuckin' by the dozen all you hoes some gnats

Trials and tribulations I maneuver all this shit
Can't speak for nobody else but me that's how it is
Nigga's opportunists tryna be up in the mix
Forty with' the dick, extra shooters in my whip
S5 tinted clean, who is that
Ridin' down the block speedin' Tech brick tucked in the ash
Get bucked might need a patch
Bitch hot, no Boxin' match
All star my rocket Tech
Goofy nigga might just get taxed

Dirty face hot, and this clip hot
Pink Molly rock
Got my face hot
Ion take shots, I just make shots
And these shells hot, give 'em shellshock
I'm on flex mode, in those tight clothes
And my tight hoes, keep yo mouth closed
Derek Jeter stackin' these bitches just like some stacks
Bitches fuckin' by the dozen all you hoes some gnats
