

Genghis Khan

Warkings

Endless sky, rolling plains we fight
Into the horizon
Howling winds, pouring rain we fight
We're thunder and lightning

Through dust and storm, loyalty's shown
We claim these lands unknown
We are the horde

Hail to the king
We are warriors
We live and die
For the Khan
Hail to the king
We are warriors
Genghis Khan

We will ride, for the horde we fight
We will not be forgotten
Thunder of hooves, clash of steel we fight
Our names are immortal

Through dust and storm, loyalty's shown
We claim these lands unknown
We are the horde

Hail to the king
We are warriors
We live and die
For the Khan
Hail to the king
We are warriors
Genghis Khan

Hail to the king
We are warriors
Genghis Khan

Genghis Khan
Hail, Hail, Hail, Hail, Hail, Hail
Genghis Khan

Through dust and storm, loyalty's shown
We claim these lands unknown
We are the horde

Hail to the king
We are warriors
We live and die
For the Khan
Hail to the king
We are warriors
Genghis Khan

Hail to the king
We are warriors
We live and die

For the Khan
Hail to the king
We are warriors
Genghis Khan
