Warkings

Immortal
Immortal

Into another world
Into another life
You're departing from yourself to sacrifice
This is another world
This is another life
I will never fail and I will sacrifice

Rising again from endless flames
No one to blame

Avalon
I'm the future and past
Hunting for freedom
Centuries pass
I'm awake
I am alive
No agony anymore

Immortal

Darkness in your eyes
Darkness in your soul
Your eternal fire burning you alive
I am another kind
With a sinister mind
I will never fall and I will never stop

Rising again from endless flames
No one to blame

Avalon
I'm the future and past
Hunting for freedom
Centuries pass
I'm awake
I am alive
No agony anymore

Immortal
Immortal

Avalon
I'm the future and past
Hunting for freedom
Centuries pass
I'm awake
I am alive
No agony anymore

Avalon
I'm the future and past
Hunting for freedom
Centuries pass
I'm awake

I am alive
No agony anymore
