

Mirror, Mirror

Warkings

Thunder and lightning are striking
The enemy is closing in
Sound the alarm, time to fight them
We will not hide, no retreat

We will fight
Fight until we fall
Until we fall

Mirror, mirror on the wall
No fairytale will save us all
Mirror, mirror on the wall
Kill 'em all
Kill 'em all

War calls our name we're the answer
With fire and steel side by side
The shield wall is strong, no surrender
Our duty, our life show no fear

We will fight
Fight until we fall
Until we fall

Mirror, mirror on the wall
No fairytale will save us all
Mirror, mirror on the wall
Kill 'em all
Kill 'em all

We will fight
Fight until we fall
Until we fall

Mirror, mirror on the wall
No fairytale will save us all
Mirror, mirror on the wall
Kill 'em all
Kill 'em all
Kill 'em all
Kill 'em all
Kill 'em all
Kill 'em all
Kill 'em all
Kill 'em all
Kill 'em all
