## Warkings

Down from the mountains  
Voices in the wind  
Tales from a king that  
Flies on raven wings  
Odin will guide him  
A journey through the dark  
We will remember  
When the silence falls

Hail Ragnar  
Son of Odin  
Hail Ragnar  
Son of Odin

One man all alone, guided by the gods  
Deep into the storm, against all odds  
Raise your sword, ready your shield and praise our king

Down from the mountains  
Voices in the wind  
Tales from a king that  
Flies on raven wings  
Odin will guide him  
A journey through the dark  
We will remember  
When the silence falls

Hail Ragnar  
Son of Odin  
Hail Ragnar  
Son of Odin

To the shores of a new land, like a thunderstorm  
We will follow a true king, a viking soul  
We bring war, Valhalla takes our souls, our souls

Down from the mountains  
Voices in the wind  
Tales from a king that  
Flies on raven wings  
Odin will guide him  
A journey through the dark  
We will remember  
When the silence falls

Hail Ragnar  
Son of Odin  
Hail Ragnar  
Son of Odin

Hail to the one true king -  
Ragnar  
Ragnar

Ragnar

Dragonships sail to the shores of Britannia

Ravens of Odin will guide our way  
Oh oh oh oh oh oh oh oh oh  
Oh oh oh oh oh oh oh oh oh oh

Hail Ragnar  
Son of Odin
