## Warkings

Outnumbered, alone  
Three hundred strong  
Only the best will hold this place of doom  
Against the empire  
A god on its throne  
Hearts made for battle and we die alone

Tonight, we will dine in hell  
Tonight, we will make them pay  
Tonight, Ares will know our names  
Know our names

Tonight, we will dine in hell  
Tonight, we will make them pay  
Tonight, no one will stay alive  
Stay alive

(Ahoo!)  
Sparta!  
(Ahoo!)  
Sparta!  
(Ahoo!)  
Sparta!  
(Ahoo!)

Into the fray, this is our last stand  
Even immortals will die by our hands  
Into the fire, accept no defeat  
For Sparta, for freedom, we will not retreat

Tonight, we will dine in hell  
Tonight, we will make them pay  
Tonight, Ares will know our names  
Know our names

Tonight, we will dine in hell  
Tonight, we will make them pay  
Tonight, no one will stay alive  
Stay alive

Tonight, we will dine in hell  
Tonight, we will make them pay  
Tonight, Ares will know our names  
Know our names

Tonight, we will dine in hell  
Tonight, we will make them pay  
Tonight, no one will stay alive  
Stay alive
